Pune, India | +91-9359063865 | anjalikambleanku@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

M.Sc. Computer Science postgraduate with hands-on experience in full-stack web development using React.js, FastAPI, Python, MongoDB, MySQL, and REST APIs. Skilled in designing and deploying scalable web applications. Experienced in Agile development, cross-functional collaboration, and end-to-end software delivery.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, TypeScript
Frontend: React.js, HTML5, CSS3, Tailwind CSS
Backend: FastAPI, Node.js, REST APIs
Databases: MongoDB, MySQL, SQL
Tools: Git, GitHub, Postman, Power BI, VS Code
Concepts: OOP, Data Structures, Database Design, API Integration, Agile/Scrum, Responsive Web Design

EXPERIENCE

Robowlee Pvt Ltd Jan 2025 – Mar 2025
Full Stack Developer Intern
Tech: React.js, FastAPI, Python, MongoDB, REST APIs

- Developed and maintained application features using React.js and FastAPI based on user requirements.
- Built and integrated REST APIs for efficient frontend-backend communication.
- Implemented NLP-based resume analysis functionality achieving approximately 88% keyword alignment accuracy.
- Collaborated in Agile sprint cycles, participated in debugging, testing, and code reviews.
- Worked closely with cross-functional teams to deliver high-quality software solutions.

Evergreen Education Foundation Jun 2024 – Aug 2024
Full Stack Developer Intern
Tech: React.js, Tailwind CSS, MySQL

- Designed and developed a full-stack attendance management system for approximately 5,000 users.
- Reduced manual data-entry errors by nearly 80% through robust validation and database integrity checks.
- Managed the complete software development lifecycle from requirements gathering to deployment.
- Delivered the project with zero critical defects while meeting strict deadlines.

PROJECTS

AI Resume Analyzer
Tech: Python, FastAPI, , MongoDB, REST APIs

- Developed an AI-powered resume screening platform using NLP techniques.
- Automated candidate evaluation and keyword matching with approximately 88% accuracy.
- Designed scalable backend APIs and modular processing workflows.

ML Research: Early Detection of Depression in Teenagers
Tech: Python, Scikit-learn, TF-IDF

- Conducted comparative analysis of multiple machine learning models.
- Performed data preprocessing, feature engineering, and model evaluation.
- Achieved approximately 96.57% classification accuracy.

Music Academy Management System
Tech: Java, OOP, Data Structures, MySQL

- Developed a CRUD-based desktop application for managing student and course records.
- Implemented validation, exception handling, and data integrity mechanisms.
- Managed over 500 records efficiently.

EDUCATION

MIT ACSC, Pune 2024 – 2026
M.Sc. Computer Science | 84.14%

YC Institute of Science, Satara 2021 – 2024
Bachelor of Computer Science (B.C.S.) | 85.6%

YC Institute of Science, Satara 2021
HSC (12th Standard) | 81.67%

CERTIFICATIONS

- MTSTS Web Development (Nov 2023)
- Artificial Intelligence with Python (May 2024)
- OOP – Core Java and Design Patterns

- TransStellar 14th International E-Conference (25 Oct 2025)
- Git Test (20 Dec 2025)
- Data Analytics with Python (Jan–Apr 2026)
- Claude with Anthropic API (Mar 21, 2026)

ACHIEVEMENTS

- Conference Presentation – 14th International E-Conference on Application of AI and IoT in Management, Science and Technology: Presented research paper "Early Detection of Depression in Teenagers using Text-Based Social Media Data with Machine Learning". Organized by Transstellar Journal Publications and Research Consultancy Pvt. Ltd, October 2025 (Online).
- Poster Presentation – Yield Prediction Using Satellite Data, Weather Data, and Machine Learning.
